Individualised attention to student, Monthly feedback to parent

Share our Joy in helping students achieve

SmartLab[®] Education Centre has a strong track record of helping our students improve their grades over the past 10 years. We have an average grade improvement rate of about 2-3 grades in the past PSLE, GCE 'O' & 'A' Levels examinations.

SmartLab[®] Education Centre, founded in 1999, is an accredited Cambridge International Examinations (CIE) Centre, and constantly keeps in contact with the Cambridge Assessment Group for the latest updates involving the UK GCE 'O' & 'A' Levels examinations. Being an accredited CIE Centre, we have access to the UK GCE 'O' & 'A' Levels examination marking schemes and examiner reports. We study the question-setting patterns, and develop effective methods to approach and answer the questions.
